DIPRIVA

The 90-Day Operating Roadmap

One page. Fifteen minutes. Move what runs through you to someone with a date.

Business _____ Owner _____ Start date _____

Days 1 to 30: Write it down

Document the three things that run only through you.

What leaves my desk	New owner	Done by
Weekly client status update	*Ops lead*	*Day 14*

Days 31 to 60: Hand it off

Give each one an owner and a finish date.

Days 61 to 90: Step back

Run each one without you in the room. Fix what breaks.

One rule: nothing moves to a new owner until it is written down.
